There is no question whatever that any attempt in the coming election to override or evade the law will react disastrously upon the party that makes it.

The Goebellie candidate for Congress, especially, will be the beneficiary of an honest enforcement of the law. The National Government cannot, and will not, permit a violation of laws which are enacted for the benefit of all. There is no reason why they should not be faithfully observed in Kentucky as elsewhere.

#### SUFFRAGE MUST NOT BE CORRUPTED OR COERCED.

It must be distinctly understood, therefore, that all violations of the election laws will be carefully noted, and the prescribed penalties rigorously and impartially enforced in every case.

The hand of the law will lie heavy upon all such offenders, high and low.

HON. JOHN W. YERKES resigned his office before the election; Mr. Cooper never did resign his Senatorship. That's one difference between the men.

It will take six months for Br'er MARSH to get on speaking terms with his conscience—if he has any—after all the wild assertions he has been making.

A GREAT American statesman, who had witnessed the extinction of the Jeffersonian Republican party and its portentous resurrection under the name of "Democracy," remarked a few years afterwards to a friend—

"The true source of power is the people. The Democrats are not demerit enough."

If it was the opinion of a philosophic observer of the mid-century, what must be said of the tumultuous Democracy which is surging around us today? With the epochal advent of that powerful organization in the third decade of the century, it was supposed that the day of political inequality, of social privilege, and of class distinctions was irrevocably gone. The day of "equal rights" had come, and all that the phrase implies. The new party was to be pre-eminently a party of the people. But, strange to say, while the Republicans, representing a party of later birth, have been electing tanners, and rail-splitters, and other disreputable persons to the Presidency, the imperious leaders of the unwashed Democracy have looked upon an aspirant from the ranks of the plain people with sentiments of ill-concealed aversion and contempt. So marked their disapproval, that, but for the sterling worth of the great Democratic masses, the party would long ago have ceased to exist. The chivalrous gentlemen who assumed to select its leaders were, in many instances, as hopelessly cadid as the liveried cockney who brushes the trousers of an English Duke.

The latest manifestation of this spirit is to be found in a special dispatch from New York City to The Court-Journal of the Berkeham Democrat in Kentucky. The writer, who has recently been rubbing against a high-toned Tammany boss, loftily stigmatizes [Governor CLEVELAND as that "ingrate raised from a common Sheriff twice to the Presidential chair by the votes of Democrats." Think of it! Imperial American sovereigns casting their votes for a "common Sheriff"—that indispensable public servant whose very name—the ancient *shere-reeve*—really everything that is characteristic and glorious in the growth of the English race. What better school than the Anglo-Saxon Sheriffdom if one would learn the elementary functions of civil administration? And where on the face of the earth will you find a public officer charged with more important functions than the High Sheriff of an Anglo-Saxon community? Alas, for modern Democracy!

It is THE LEDGER's firm conviction that today's election results will prove that Democratic and Goebellie Editors are bigger liars than GEORGE FRANKLIN WEAVER and FINLEY BRIBERY ANDERSON.

The Cincinnati Democrats made a terrific howl about false registration in this city; and when it came to an investigation only two cases could be found. Strange to say, both were Democrats,—one a 19-year-old Democratic boy, and the other was CHARLES CASEY, a Democratic "bum" whose home was in a haymow and who had registered twice. What a saintly set these Democratic politicians are.

A PITTSBURGH company has secured a contract for \$5,000,000 worth of rolling stock for South African railways, underbidding British firms. —*Courier-Journal.*

This is a truth from the news columns of Waterson's Whistler, while its editorial columns are burdened with the songs of Fretrade—that the Tariff prevents American manufacturers from selling their wares in competition with the low-priced labor of Europe.

TAXATION without representation is what the Republican Administration is doing to the people of Porto Rico. —*Cynthiana Democrat.*

Is not so? Now, will you pause in your mad career just long enough to tell what the Goebellies are doing to the people of Kentucky? What's the difference between a man who doesn't vote at all and a man who does vote and has his vote thrown out by CHARLES B. POYTZ and his fellow vote-squelchers?

It will be well for some people in Mayville and some people in Mason county to keep in mind the following provision of the amended law under which the coming election will be held—

Sec. 13. Any person or persons who shall unlawfully attempt to prevent, or prevent any voter from casting his ballot, or shall attempt to, or intimidate, any person or voter so as to prevent him from casting his ballot, or who shall unlawfully interfere with the officers of election in the discharge of their duties as such, shall be deemed guilty of a felony, and, upon conviction, shall be confined in the Penitentiary for a period of years, of not less than one nor more than five years, for each offense. The fact that the person or persons so offending may be an officer or officers of the Federal Government, or of the state, or any district, county, town or city thereof, or of election, shall not relieve them of the responsibility or penalty for the violation of this section.

MR. BECKHAM disqualified himself for the Governorship when he declared that he would pardon no man who had been convicted by twelve men. No man who has announced his opinion in advance is allowed to sit on a Jury; and the Governor sits as Juror and Judge when he passes upon a case for pardon.

A DISPATCH from Frankfort says JAMES HOWARD and HENRY YOUTSEY have been taken to the Louisville Jail for safe keeping. This is said to have been done because of "the threats of the mob to hang them in case YERKES is elected, to prevent their being pardoned." Why, it has been claimed all along that the Goebellie conspirators were proceeding "under the forms of law," and that it was Republicans only who indulged the mob habit.

**Recommends It to Testimony.**  
O. H. HANSEN, Lima, O., Engineer L. E. W. R. R. writes: "I have been troubled a great deal with backache. I was induced to try Foley's Kidney Cure, and it entirely relieved me. I gladly recommend it to any one, especially my friends, the train men, who are usually afflicted." J. J. Wood & Son and Armstrong & Co.

#### CROSS-EXAMINATION.

Will Only Strengthen the Testimony of Mayville Citizens.

The testimony which follows will stand the test of closest investigation. Cross-examination of such evidence will strengthen it. Proof of this nature is plentiful in Mayville and the most skeptical can hardly doubt the claims made for "The Little Conqueror" when placed face to face with the public attention of friends, neighbors and local citizens. Read the experience given below:

Mr. Pierce Mills of 922 Forest avenue says: "The experience Mr. Mills had with Doan's Kidney Pills gave him a high appreciation of their value. He procured them at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets. The results obtained leads him to speak in high praise of this effective kidney remedy."

#### KENTUCKY FLASHES.

##### BOLD GANG OF ROBBERS.

They Hlew the Safe and Fired on the Proprietor as He Came Out of the House.

Georgetown, Ky., Nov. 6.—The general store of Lewis Nichols, at Oxford, this county, was entered by burglars Monday morning about 1:30 o'clock. After cracking the safe and securing about \$60 in cash, they looted the place, but left undisturbed checks to the amount of \$75.

Mr. Nichols, 16-year-old son was awakened by the report of the explosion, and gave the alarm to his father, who got his gun and went to the store. When he entered the store the thieves covered him with revolvers. Nichols, however, shot one of them in the face. After firing about a dozen shots at Nichols, none of which took effect, they made their escape. The sheriff and a posse of citizens are searching the country for the desperadoes.

##### IN THE OHIO RIVER.

Canoe Sank When Shot Was Fired, and Two Prominent Men Were Drowned.

Owensboro, Ky., Nov. 6.—James D. Noe and Richard Wall, aged 22 and 19 years respectively, were drowned in the Ohio river opposite this city at 2:30 o'clock Monday afternoon. They started across the river in a canoe canoe to the Indiana side to hunt ducks. When about two-thirds across one of them fired his gun and the canoe at once sank, probably from the recoil of the gun. Two men started to rescue them, but arrived too late. The bodies were recovered about 3 o'clock. Young Noe was the general manager of the Farmers' Finance Co., a son of ex-Senator Samuel Joe T. Noe, and was soon to be married to Wall's sister. Both youths were members of prominent families.

##### Gets Back at the Jury.

Louisville, Ky., Nov. 6.—Judge Henry S. Barker, of the criminal court, in instructing the grand jury Monday took occasion to get back at the October grand jury for charges implied against him in its report on adjournment. One was that he had entered into an agreement with the attorneys for the gamblers to file away previous indictments. Another was that gambling is so covered up that indictments can not be returned. Judge Barker said both these statements were false.

##### Struck By the Pilot.

Carlisle, Ky., Nov. 6.—Jas. Payne, a carpenter, threw himself a front of the south-bound freight train Monday afternoon, but, owing to the diligence of the engineer, the train slowed speed in time to save his life. The pilot braked and lacerated him severely, however. This is his second attempt. He took poison some time ago. His father is an inmate of the Dayton Soldiers' home.

##### The Trio Brought \$10,000.

Louisville, Ky., Nov. 6.—C. Van Meter Monday sold to R. S. Stradock, for A. C. Overholt, of Pittsburg, the 3-year-old stallion Minola, the 2-year-old filly Kate Silgo and the yearling filly Kate Silgo. This trio brought \$10,000.

##### Bottom Fell Out.

Ashland, Ky., Nov. 6.—John Deever, aged 24, and Chris Sheppard attempted to cross the river in a dilapidated boat. When about half way over the bottom fell out. Sheppard managed to get to shore. Deever drowned.

##### Blow From a Brick.

Frankfort, Ky., Nov. 6.—Handolph Jett died Monday night from the effects of a blow on the head with a brick thrown by Clarence Parrish. Parrish was arrested on the charge of murder.

##### Held on Bribery Charge.

Paduach, Ky., Nov. 6.—Ellis M. Headley, of Louisville, was held to the grand jury Monday night for alleged bribery in \$1,000, which was executed.

##### Stabbing Over Politics.

Carlisle, Ky., Nov. 6.—Irrid Parrish, of Headquarters, was seriously stabbed in a political quarrel.

##### Elopers Married.

Cynthiana, Ky., Nov. 6.—Leet Stout and Miss Annie Grimes, a prominent couple of Paris, eloped to this city and were married by Rev. Haley.

##### Children Elope.

Owingsville, Ky., Nov. 6.—Jos. Foley, aged 15, and Miss Mattie Gardner, aged 12, eloped to Cincinnati, where they were married.

##### TALK OF LYNCHING.

W. J. Linn Called Mrs. Jacob Schaffer to the Door at Leona, Ill., and Shot Her to Death.

Leona, Ill., Nov. 6.—W. J. Linn, alias Jack Gordon, went to the home of Jacob Schaffer, ten miles east of this city, called Mrs. Schaffer to the door and shot her, killing her instantly. He then fired at Schaffer, missing him. Linn was arrested a few hours later in Wyoming, 12 miles distant, and is now in jail in this city. There is strong feeling against him and talk of lynching.

##### The Killing was caused by Jealousy.

Shot to Kill.  
Alvarado, Tex., Nov. 6.—J. H. Holland was shot through the head and heart by Hampton and instantly killed. Both were prominent in business circles. Hampton is in

**SERIOUS CUTTING.**  
Clarence Stockdale Knives a Colored Man in Pfeiffer's Saloon.

Yesterday afternoon Clarence "Jinks" Stockdale and John Spencer, colored, got into an altercation at Tony Pfeiffer's saloon on Market street.

There are conflicting stories as to who was the aggressor; but Spencer was about the worst carved up piece of humanity that one ever saw.

There was a frightful gash across the left side of the head and face, reaching from above the ear nearly to the jaw, another across the cheek, while his throat was laid open by a horrid wound. He was taken to Dr. Yazel's office, where Dr. Adamson assisted in dressing the wounds, after which he was carried to his home on the Lexington pike.

Stockdale was arrested by Constable Dawson and "Bogie Grant" committed him to jail without bail, pending the result of Spencer's wounds, which are thought to be fatal.

A Village Blacksmith Saved His Little Son's Life.  
Mr. H. H. Black, the well-known village blacksmith at Cashville, near Union Co., N. Y., says "My little son, five years old, has always been subject to croup, and so had the attack several times. We have tried many times to cure it, but we have had the doctor and use many medicines, but Chamberlain's Cough Remedy is the best I have ever used. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the disease is cured before it gets settled." There is no danger in giving this remedy for it never acts upon the chest, but it goes to the throat and breaks up the mucus and keeps it from settling in the throat. For sale by J. Jas. Wood & Son, Druggists.

The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by J. Jas. Wood & Son, Druggists.

The hull of the burned Smoky City will be converted into a boathouse at Pittsburgh.

Business on the river will be better after today, because it's going to rain and make a good-sized river.

There was a little sneak of a rise out of the Allegheny Sunday, and no one seems to know from "whence it came."

In the United States Court at Pittsburgh, with Judge Joseph Bullington presiding, a decision was rendered Monday which is of interest to river people. The case was that of a contractor who had a contract to do some work on Dam No. 6, and not being able to finish the work in the specified time, the Government took the work in charge, some time after, during the night, a towboat, with barges, in passing struck against the coffer dam, there being no lights on it. The company to which the towboat belonged entered suit for damages against the firm which had had the contract. The Court decided that upon the Government assuming charge of the work the responsibility of the work ceased.
